SHASWAT PARMAR

Business Analyst · Project Management

+91-7550171005 | shaswatparmar001@gmail.com | linkedin.com/in/shaswatparmar | Portfolio: shaswat210.github.io

PROFESSIONAL SUMMARY

Business Analyst with **nearly 3 years** of combined experience in pricing intelligence, banking technology and data automation at Anakin, Capgemini and UST Global, complemented by a **PGDM (Marketing & Operations) from IMI Delhi** and a B.Tech from VIT. Pairs an engineering foundation with commercial judgement to translate business requirements into data-driven solutions, drive Agile delivery and resolve issues at their root cause. Skilled in **SQL, Python, Tableau and AI dashboards**.

EXPERIENCE

Business Analyst – Project Management | Anakin, Bengaluru **Jul 2026 – Present**

- Managed a **₹10L+ MRR portfolio** across 2 enterprise accounts, generating **daily MIS using Python**, handling monthly performance reporting and client escalations, and helping win PO renewals and incremental orders
- Led a **4-member team** through the 24-day Amazon Great Indian Festival, personally executing **48 on-time data deliveries** and driving **20%+ revenue uplift** on priority slots
- Benchmarked **10,000+ SKUs across 4+ categories** against key rivals, equipping **Category Managers** with competitive insight for pricing decisions and closing discrepancies through Python-based data health checks and root cause analysis
- Delivered competitive intelligence across **400,000+ monthly data records** for a leading Middle East food delivery platform, and scoped its expansion into new verticals through requirements analysis, data schema design and commercial inputs

Associate Engineer II | UST Global, India **Aug 2022 – Oct 2023**

- Developed a **real-time object detection system** using Python and Intel OpenVINO for automated safety-compliance monitoring, **steadily improving detection accuracy** through iterative build-test-release cycles
- Gathered reporting requirements from business stakeholders, **standardised report formats** across teams and validated data outputs for accuracy, enabling faster and more consistent decision-making

Software Analyst | Capgemini (Client: Royal Bank of Canada), India **Apr 2021 – Aug 2022**

- Supported **300+ shadow profile releases** through automated data validation across client systems using Python, Selenium, MySQL and DBVisualizer
- Built Jenkins CI/CD pipelines for **500+ regression test cases**, saving **3–4 hours of manual effort per regression run** and enabling faster, more reliable release cycles for the client
- Led the migration from manual testing to **QTest**, automating test execution and report generation across **3 time-zone systems** and improving release visibility for global teams

INTERNSHIP

Product & Brand Manager Intern | Skilled Sapiens (Live Project) **Feb 2025 – Mar 2025**

- Conducted **market analysis and user research** to identify learner needs and design a micro-certification curriculum
- Benchmarked competing certification offerings to define **product positioning** and competitive differentiation
- Built the **go-to-market strategy**: customer personas, acquisition channels and value proposition

KEY SKILLS

Business Analysis	BRD/FRD, Competitive Benchmarking, Gap Analysis, Root Cause Analysis, Data Validation, MIS Reporting
Project Management	Agile/Scrum, Sprint Planning, Stakeholder Management, Risk & Escalation Management
Tools & Analytics	SQL, Python (Pandas), Advanced Excel, Jira, Tableau, AI Dashboards, A/B Testing, Regression Analysis
Domain & Strategy	Pricing Intelligence, E-commerce, Quick Commerce, Food Delivery, BFSI, Market Research, GTM Strategy

CERTIFICATIONS

- **McKinsey & Company Forward Program** – structured problem-solving, communication and digital skills
- **Google Project Management Professional Certificate** (2025) | **MySQL for Data Analytics & Business Intelligence** (2025)
- **Unilever** – Digital Marketing Channels & Customer Understanding (2024) | **AWS** – Fundamentals: Going Cloud-Native (2020)

AWARDS & ACHIEVEMENTS

- **National Top 10 Finalist** – Reliance TUP X 2024 (11,700+ participants): sub-brand strategy for portfolio expansion
- **Top 1%** – DS Group TrenDSetter 3.0 (7,500+ participants): recognised for market-entry strategy
- **National Top 10 Finalist** – Vincenza 11.0 Case Competition, MDI Gurgaon

EDUCATION

PGDM – Marketing & Operations | International Management Institute (IMI), New Delhi **2024 – 2026**

B.Tech – Electronics & Communication Engineering | VIT University, Chennai **2016 – 2020**

Leadership: Member, Academics Committee, IMI Delhi (2024 – 2026) | NCC 'A' Certificate (National Cadet Corps)
